THE PROJECT

AGE-FRIENDLY TOOLKIT: NEW PROFESSIONAL PROFILE TO PROMOTE AGE-FRIENDLY CITIES

The AGE-FRIENDLY TOOLKIT project opens a wide-ranging exchange of information between age-friendly cities, seniors' organisations and educational and training experts in order to define some key competencies of a new professional profile of reference for the development of age-friendly cities". The partners will define a set of open educational resources and learning content to train professionals in promoting the development of age-friendly cities.

AGE-FRIENDLY TOOLKIT project aims to share experiences internationally and work together to face the challenges of longevity

and demographic transition at the local level. The partners will develop learning content and materials according to the training curriculum previously drafted.

PROJECT RESULTS

THE MAIN AGE-FRIENDLY TOOLKIT PROJECT RESULTS ARE:

- a training curriculum including key competencies of the new professional profile of reference for inclusive ageing in age-friendly cities"
- a set of open educational resources and learning content, provided for free through an app
